

Version 23 News Letter

Bizz Wizz Version 23 Full copy and Trial is now available. Download and use today! (www.BizzWizz.com.au)

This letter only shows Changes from ver22 to ver23! If your version is older than 22 read all the old news letters from your version to the new v23 on our News web page.

Here are some of the new changes in V23, (*There are many more undocumented small changes also.*)

Ledger

Imports a file from web to reconcile your banks. Finds transactions and lets you reconcile and or add them.

Banks have now doubled from 20 to 40 re-nameable banks.

Multi-Payments Totals can now be Saved and Listed to Group, bulk payments. EG: 1 Cheque for 5 Invoices.

Bulk payments has its own column in listing screens.

New [List One Statement] button to list & total one statement. Useful if statement total is out when reconciling.

New [All Reconciled to a Statement] button shows reconciled totals up to a statement. Useful if the balance is out when reconciling.

Invoicing and Orders

Address and City fields have now been made longer by 10 characters per field.

Email address are now stored on the Orders/Invoices so Cash accounts can now hold an email address.

Dialling from the fax number box can now be done like phone numbers.

New easier Main Menu layouts

Customer & Supplier accounts can now have Credit Limits set if needed.

Customers & Suppliers can now be Deactivated to hide if unused from lists.

Terms can be changed for a supplier in orders when sending to creditors.

Invoicing

Invoices can have Conditions of Sale on all printouts.

The Service Module has more columns showing > Code, Spare and Postcode fields.

Weight and Cubic Size for each Part on the invoice body can be calculated to cartons/(Boxes).

Stock

Weight, Height, Depth & Width can now be stored in the Part Record.

Wages

Improvements to RDO's to be more flexible. **New Tax Tables 2017**

Wages list screen extended for more breakdowns on Super, Lump sums and Base wage with new columns.
